FESA, fully known as Fazbear Entertainment Security Archive, is a program released on April 1, 2021 as a part of an ARG event in the Fazbear Tycoon community. It is infrequently updated with new files, and players have to figure out the passwords with clues posted by the developers to access them. FESA is seemingly a program created and used by Henry Emily, with its purpose to record and ...

To use SNC for securing connections that connect via the Gateway, for example, by using stand-alone gateway, you also need to set the appropriate parameters in the gateway profile. The gateway itself does not directly use the routines from the security product; however, it does supply the SNC configuration parameters to the programs that it starts.

In these Events, a scenario is presented to the player, informing them of their surroundings, the current situation, and what's about to come next. Then they are given some choices which can lead to different paths of the scenario, ultimately leading to different outcomes of the whole Event. Depending on the choices made by the player and many other factors such as the RP of a related Faction ...
